

RESUMPTION CAME TOO FAST FOR REGION'S LABOR SUPPLY.

In Consequence Many Works Are Going Irregularly or Not Putting in Blast All Ovens Planned For.

LABORERS BEGIN TO ARRIVE

It is thought that the condition will be only temporary as laborers are beginning to learn that uplift is real.

The resumption in the Connelville coke trade is coming on more rapidly than the most optimistic probably anticipated, and it has already developed a scarcity of labor to man the plants throughout the region. Several operators are complaining of not having enough coal diggers and coke drawers to get the full output that they can contract for. The lack of workers has also caused an irregularity that has caused several operators to fall in putting their ovens into operation as fast as they desired.

Should the independent operators, who have been holding off in anticipation of better prices, resume operations there would be difficulty in getting started.

The next two weeks will it is expected show a marked season in the labor market. Coke workers who are now in the futureland have been apprised of returning activity and are preparing to take themselves back to these shores. Those in this country, who are dependent upon to let their brethren know of industrial conditions, have hitherto been conservative in this matter. They have not been fully convinced that a wholesale boom is really on, and those who do, fear it may not last. However, with the coming of July and the steadiness with which the work has kept up, with its constant and regular increase, and the shortage that exists in the ranks of the coal and coke workers, they are beginning to feel fully justified in sending word across the Atlantic for their brethren to come back to their places in the mine and on the coke yard.

The H. C. Frick, Coke Company is the biggest coke producer in the region. It is hampered in its operations by a shortage of men to man the plants, and in consequence the company has not increased its number of ovens in blast commensurate at all with the number that its officials have intended firing by this time. They frankly say that the resumption has come on too rapidly for the labor supply to keep pace with it. From operations of about 45 per cent. of active ovens to a call for 90 per cent. in blast could not be met in so short a time. The Frick officials, however, anticipate, that this month will put them in good shape, as many of their workers are getting the word and coming in. This situation is about the same that is encountered by all those who are operating.

There was a large outgoing of the foreign element when the slump came on. Among a clientele of between 6,000 to 7,000 foreigners, P. Bufano, the local foreign banker and steamship man, says that at least 5,000 left these shores. This number, he explains, is not in the coke region, but includes many at a distance which he has got in touch with and who were affected by the depression. The number coming back is increasing now every day.

Anton Ruscovic, of the foreign department of the First National Bank, views the situation in the same way. He says that the uncertainty in the operations in the past depression causes the foreign workers to be somewhat shy, and as they compose the larger part of the coke yard and mine forces, the shortage is one to be expected. He says that the workers are beginning to come in, however, and that it is a matter of some weeks before there will be any considerable surplus of labor, as it requires some time for them to get their tickets and make arrangements to travel over. The sailing time between this and the old country is about 11 days, but the leaving time of the vessel being necessarily counted in, makes the time lengthen considerably from that when word is sent over.

Flag Defender Not Muted.
GREENSBORO, Pa., July 9.—Justice of the Peace J. Q. Truxal, of this town, before whom Harry Robenstein, the young American, was taken the other day, charged with beating an American flag from his hands and cast it to the ground, objects to the statement that the American was fined \$10. Squire Truxal states that the costs of the prosecution were levied, amounting to \$4, and that the amount was remitted yesterday. In the first instance a \$10 forfeit was posted by a friend of Robenstein.

TWO IN ONE FAMILY INJURED.

One Lad Burns Himself Badly, the Other Falls From a Tree.

OWENSDALE, July 9.—While preparing to attend the celebration of the "Glorious Fifth" at Scottdale, William, a young son of Grant Shallenberger, was seriously burned about the face by a firecracker and narrowly escaped losing his eye sight. To cap the hard luck climax, John, a younger son, fell from a tree yesterday afternoon, and badly splintered the bone of his right leg. Should prizes be awarded for hard luck persons, Mr. Shallenberger would make a fair bid for first prize.

DEMURRAGES LOST TO THE PENNSYLVANIA

Victory of Pittsburgh Men Against Charges If Sustained Will Cost Company an Immense Sum.

A decision throwing out of court nearly 200 suits instituted by the Pennsylvania railroad against almost every prominent commission house in Allegheny county, and affecting others throughout the State, was a victory for the commission merchants in Common Pleas Court of Allegheny county Thursday. Judges Carnahan and Cohen decided against the railroad in the test case for demurrage amounting to \$1,586 brought against Charles Keally Sr. & Company. The other 200 suits amount to \$100,000, but if the decision of the lower court is confirmed in the higher courts it means the loss of millions in demurrage charges there and other parts of the State.

Under the decision Judges Carnahan and Cohen uphold the principle that the railroads of the State cannot charge storage rates beyond the regular demurrage charge of \$1 per day per car, fixed by the Pennsylvania Legislature in 1907, despite the Interstate Commerce decision, quoted by the Pennsylvania last May, when it entered the present suit, under which it claimed the right to charge the excess rate.

From June, 1903, to May, 1907, the Pennsylvania had a sliding scale of demurrage charges in force in the Penn. avenue produce yards, in addition to the regular demurrage charge of \$1 per day per car. The extra charges were graduated as follows: First 48 hours, no charge; following two days, \$1 per day; next succeeding two days, \$3 per day; each succeeding day or fraction thereof, \$4 per day.

Prior to the passage of the act of May, 1907, the company enforced these charges by locking the cars against the commission men until the excess was paid. Under the 1907 law, however, the company for two years took no extreme action, though it rendered statements for the excess claimed.

FARE IS LESS FOR YOUNGSTERS THIS YEAR

They Can Go to the Merchants' Picnic Cheap—More Committees Are Announced.

The fare to the Merchants' picnic this year will be the same for adults as last year and 10 cents cheaper for the youngsters. The Transportation Committee yesterday afternoon arranged the rates with the Baltimore & Ohio Railroad Company. The full fare for the round trip will be 75 cents, and 40 cents for children. Last year, to Kenneywood, the half-fare was 50 cents.

Chairman J. G. Gorman of the Executive Committee this morning appointed additional committees. Those who will boom the affair in nearby towns are as follows:

Dunbar, R. J. McGee, N. M. Scott and John Wishart; Dawson, George C. McGill, Percy McGibbons and C. S. Worthington; Dickerson Run, John F. Black; Vanderbilt, J. W. Green, F. B. Ogilvie and A. O. Blair; Scottdale, J. O. Landenberger, O. D. Welmer, Alex. Lowe and Robert Young; Uniontown, A. G. Leonard, J. T. Sembringer, J. B. Sprout and H. Brumbaugh. The committee to secure free coffee and milk is composed of C. A. Brill, T. W. Baxter and Patrick May, with others to be named later.

Slaughters More Dogs.
Constable Jacob Churns of North Union township yesterday killed 30 dogs in his halliwick.

ITALIANS DISCHARGED.

Black Hand Letter Lucky For Hungarians at Avella.

WASHINGTON, Pa., July 9.—A threatening notice, signed "The Black Hand Society," was found yesterday posted in a stable at Avella of Contractor M. C. Hunter, in charge of the work on a new road from here to Independence. It is said to have been posted by foreigners who recently struck for higher wages and threatened those who remained on the job.

D. B. Johnson, foreman of the work located a supposed leader of the "Black Hand" Society, and drove him from town. All Italians have been discharged and Hungarians will be brought to the work. Several weeks ago wives of Avella Italians fought imported workmen because their husbands were not given work.

HUSBAND GETS HOME TOO LATE

But Grapples With One of the Fiends Who Assaulted Wife.

BOTH FINALLY APPREHENDED

New Kensington in an Uproar Over Brutal Attack Upon Pretty Young Foreign Woman Who is Overpowered by Two Brutes.

United Press Telegram.
NEW KENSINGTON, July 9.—The town is greatly excited over the arrest of two men here today, and threats are made against the prisoners who are confined in the borough occupy before having a hearing when they will be sent to Greensburg to appear in court on a charge made by Mrs. Anna Slavick, aged 22, of a serious crime.

Mrs. Slavick, a handsome young woman, alleges that Charles Millick and Salla Mannu entered her home yesterday afternoon and after making proposals which she resented, attacked her. The woman fought to defend her honor until all her strength was gone, when she was finally overpowered and the two men assaulted her.

Her husband, returning to his home, saw the two men fleeing away from the house and grappled with Millick, whom, after a battle, he subdued, and held until the police arrived. Mannu was also arrested early this morning. The men claim they are innocent of any wrong doing.

LOOKING FOR SHOWERS THAT WERE PROMISED

Things Are Beginning To Dry Up in the Gardens and Lawns.

Where, oh, where are those showers the weather man has promised? The farmers would like to know because there is sad need of rain for the crops. Even in Connelville there is need of the wet stuff for every man who has a garden too big for the hose is anxious for it to be sprinkled.

Unless there is rain in the near future there is danger that these tawdry patches, over which so much hard labor has been expended, may turn out a failure.

Hot? Just a trifle. The mercury got a running start this morning when it led off at 8 o'clock with 70 degrees, which is hitting two points hotter than yesterday. Last evening the temperature was 82.

TROOPS END ATTACKS OF STRIKING MINERS

Whole Cape Breton Mining District Is Placed Under Martial Law—Soldiers Mean Business.

United Press Telegram.

GLACE BAY, N. S., July 9.—Five hundred troops with fixed bayonets and machine guns are today guarding the collieries of the Dominion Coal Company. All the mining districts of Cape Breton were placed under martial law. The soldiers were ordered to use no bullets in case of an attack. The company hopes the presence of the troops will prevent the United Mine Workers from attempting to restrain miners, who so wish, from returning to work.

The miners believe the presence of troops will make their case stronger. Rioting in which men, women and children participated, and the homes of the miners who worked were wrecked, has ceased.

MOST ANYTHING HAS BEEN TAKEN.

Fayette County Famous for Pilferings; Telephone Line the Latest.

ABOUT A MILE WAS TAKEN

Thomas Walker, Who Usually Rides, Is Now in Custody Awaiting a Hearing for His Alleged Depredation—Other News of the Courts.

UNIONTOWN, July 9.—Almost anything has been taken in Fayette county, from railroad engines to gold watches; but the latest is to have a telephone line swiped. When the employees of Atlas and Beeson works tried to exchange long distance compliments Saturday morning they found the "line busy." When the line-men investigated he found that almost a mile of the copper wire had been appropriated.

County Detective Alex. McBeth was notified and got busy with the result that Walker, who is a Leith junk dealer and navigates with a horse and wagon most of the time, was arrested charged with the offense.

The wire was found in Uniontown and traced to Walker, so the officers say.

P. T. McDonald of the Howard Electric Company, has entered suit against Margaret Coughenour to recover \$83.17 for wiring a theatre at Blairsville. The plaintiff claims the defendant assumed the debt but has never paid it.

Lee Smith, guardian of the four children of Mary E. Horton, was given permission to sell Stewart township property to D. H. Horton for \$1.00.

ANOTHER OPEN SHOP GETS DYNAMITE BLAST

Detour Signs of an Alleged Labor Union Attack—No One Was Injured.

United Press Telegram.
DETROIT, July 9.—Windows were shattered, people thrown out of beds and the whole neighborhood rocked as if by an earthquake today when the plant of the Whitehead & Kales iron works was dynamited.

The worst damage was sustained by the Slutz automobile works nearby. The Whitehead & Kales Company operate an open shop and have had labor troubles recently. No person was injured. Detectives are working on the case.

NICE BIRTHDAY GIFT FOR J. D. ROCKEFELLER

He Accepts Check For \$1,400,000 On An Accrued Dividend of Two.

United Press Telegram.

CLEVELAND, O., July 9.—John D. Rockefeller, who celebrated his seventieth birthday yesterday by mysteriously disappearing and none of his family would reveal his whereabouts, returned to Cleveland today after having been to Jersey City, N. J., to attend a meeting of the directors of the Standard Oil Company.

He accepted a check at the meeting for \$1,400,000, representing some accrued dividends on his stock.

TARIFF TALK FROM TAFT COMES AT LAST

President Today Said He Was Highly Pleased With Passage of Bill. Rush It Through Conference.

WEEHAWKEN, N. J., July 9.—President Taft is highly pleased with the passage of the tariff bill by the Senate. He so declared himself this morning while hurrying back to Washington to see that the conference committee does its work rapidly.

He arrived here at 9 o'clock from Burlington, Vt., and will reach the Capital at 3 o'clock this afternoon.

Humbert's Prospects.
Antonio DePompeo, a merchant and contractor of Pinkerton, has recently completed the construction of a railroad extension and siding for the use of the Humbert Coal Company, and says that the prospects for a larger and better business at Humbert are encouraging.

Still Fair.
Generally fair tonight, and Saturday is the non weather forecast.

M'GEEVY SAVES THREE.

Rescues Woman and Children She Throws into River.

WASHINGTON, Pa., July 9.—The presence of mind and nerve of Robert McGreevy, assistant lockmaster at Lock No. 3, on the Monongahela river, prevented a triple drowning at the Flint mine, opposite Stockdale. Robert McGreevy, with his brother, Samuel McGreevy, and two sons were going up the river in a gasoline launch when he saw a woman said to be Mrs. John Babish and thought to be drowned, rush down to the river bank with a child on each arm. She flung both children into the river and plunged in after them.

McGreevy jumped from the launch and, swimming to the drowning trio, succeeded in dragging all three to the shore.

CHIMES HERE FOR SLAVISH CHURCH.

Those Donated by H. C. Frick Being Placed in Position Today.

WILL RING OUT TONIGHT

Dedication Services to be Held Last Sunday in August and Little Church of the Slavish Lutherans is Being Furnished Up a Bit.

The three chimies presented to St. Peter's Slavish Lutheran Church in Porter avenue are being put in position today by John Matthews, who brought the bells from the manufacturers in Baltimore. It is expected the chimies will peal forth for the first time between five and six o'clock this evening.

There are three bells, weighing 1,850, 850 and 550 pounds, respectively. They are of the highest quality of bronze and are inscribed:

Presented to St. Peter's Lutheran Slavish Church by H. C. Frick.

Rev. M. Tomashka, pastor of the little church in Porter avenue, whose members are scattered throughout the big coke region, announces that the dedication exercises will not be held until the last Sunday in August, at which time an elaborate program will be presented.

The church will be refurbished and many much needed repairs are to be made before the bells are dedicated. The magnificent gift of Mr. Frick has aroused the congregation to action and the ambition is to have a structure entirely worthy of the chimies which now adorn its tower.

This is the first of the two sets of chimies donated to Connelville by Mr. Frick which have yet arrived. Chimes will be placed in the Trinity Lutheran Church when the new edifice for that congregation is erected.

The presentation of these chimies is but another of the many donations which have been bestowed without ostentation by Mr. Frick upon this community.

FIVE BOYS UP FOR BALL PLAYING

Charged That They Were Annoying West Siders and Are Given Severe Lecture.

Five boys Jacob Burgess, J. L. Evans in police court last night after they had been rounded up by Officer P. M. Ruhl on charges of being a nuisance. The specific accusation is that the boys were playing ball on the West Side and annoying some of the staid old citizens of that section. The lads were Dave Rosenboren, aged 13; Lin Simon, 9; Paul Robinson, 11; Samuel Simon, 12, and Daniel Simon, 14. The lads were properly corralled when they lined up before the Burgess.

After a severe lecture and upon their promise to be good, Burgess Evans discharged the lads.

Strike Ended.

The miners' strike at Roswell last week was short lived. The men refused to work following some trouble concerning weighing, and they remained out until the management of the mines gave them their choice of either going to work or quitting. The company threatened to close the mines for a while.

Goes To Greensburg.
Judge J. Q. Van Swearingen has been asked to sit for several days in the Westmoreland county court to consider a number of important matters. He leaves today for Greensburg.

WILL BUILD SEWERS IF SOUTH SIDERS WILL PUT UP THE MONEY.

Sewer Committee Meets and Decides That They Are Willing to Go Ahead on Old Agreement.

BLEW DOG'S HEAD OFF.

The Poor Brute Picked Up a Lighted Giant Fire Cracker.

While a number of Pittsburghers at the Highland Inn, Somerset, were celebrating on Monday afternoon by exploding fireworks, an accident occurred that caused the death of a prized English bull pup, and put a quietus on the noisy celebration. A boy amused himself by throwing small lighted fire crackers upon the lawn, and the dog ran after them. Finally the boy threw a giant cracker and the dog picked it up, when it exploded with great force. The dog's head was almost blown off. The owner immediately shot the brute, ending its misery.

ENFORCE REGULATIONS ON THE SHOT FIRERS

Virginia Operators Will Employ Only Ones of Proved Efficiency in This Part of Mining.

It is understood that all the coal operators in the West Virginia field will enforce the new regulation in regard to shot firers ordered by the Department of Mines in West Virginia to go into effect July 15. A meeting of the operators was held a few days ago in Bramwell, and among other things, it is stated that provisions were made to carry out the new regulation.

The idea is to take the work of firing the shots, say in the breast of a level, after the holes have been drilled and loaded, out of the hands of the inexperienced.

Proved shot firers of proved proficiency, who have demonstrated their ability by an examination on the subject, according to the order, must be employed. The matter of charging holes—and properly exploding the charges is regarded as a rather ticklish business, and if the work is not properly executed loss of life is liable to result. For this reason the department has deemed it expedient to make the employment of professional firers compulsory. The duty of the firer will be to see that the holes are properly placed and charged in the first instance. He must inspect these features and see that everything is correct. Then the matter of exploding the shots is entirely under his supervision. Only men who by their examinations are eligible to the positions will be employed as shot firers, and it is argued that a fertile source of accident will be removed by the enforcement of the regulation.

SON OF LOGAN RUSH GOES TO WEST POINT

First Appointment of This Nature by Senator Oliver Goes to Uniontown.

Senator George T. Oliver has made his first appointment to West Point and a Uniontown boy was awarded the prize. Max Rush, oldest son of former Register & Recorder Logan Rush, has been named upon the list of eligibles for the famous government military school.

Young Rush possesses the necessary mental and physical qualifications and will probably spend the next few months training for the examinations, likely to take place in January.

\$100 PER ACRE.

Paid for Block of Coal in Jackson Township, Greene County.

WAYNESBURG, July 8.—A deal has been closed in which James L. Rush of Waynesburg sells 114,921 acres of coal in Jackson township, to Albert G. McMillen, of Uniontown. John L. Wood owned a 5 1/2 interest; H. C. and N. W. Sowers owned a 5 1/2 interest, and F. W. Downer owned a 2 1/2 interest. The coal underlies the Julia A. Mitchell farm in Jackson, near Bluff. The sale price was \$100 per acre.

Farmers Institutes.
Arrangements are being made for the annual Farmers' Institutes to be held in December. The dates, and places for holding the Institutes are as follows: McClellandtown, December 3 and 4; Vanderbilt, December 6 and 7, and Mill Run, December 8 and 9.

Two Drunks Sentenced.
Two drunks were sentenced by Burgess Evans in police court this morning.

WAS PRESENTED YEAR AGO

But Council Did Not Take It Up at That Time Although Sewer Permits From State Were Secured. May Not Now Be Willing.

The Sewer Committee of the Town Council held a meeting yesterday afternoon in Borough Engineer J. B. Hogg's office and decided that if the people of the South Side want sewers on Chestnut, Sycamore, Davidson and Newmeyer avenues, they could have them by furnishing the money for their construction, the Council to agree at some future day, not less than five years, to take them off their hands at the actual cost price of construction.

The meeting was attended by Chairman John Hezel, John Duggan, Clair Stillwagon, W. H. Thomas, Matthew Crowley and D. F. Girard. The question of building the sewers was discussed in detail, and it was estimated that to furnish the section with sewers it would cost \$6,000. About a year ago the owners of property in this section presented an agreement that they would build the sewers if the Council could not afford to do it at that time. It is proposed to have the sewers now constructed under that agreement.

Whether the parties then willing to construct the sewers are still willing to do so is quite a question, and it is believed by some that these parties are not now in a position to invest their money in the sewers according to the agreement then offered.

Another question that presented itself was whether or not the sewers could be legally constructed, owing to the present indebtedness of the Borough. It is agreed by some of the Council that even if the persons who were parties to the agreement a year ago were willing to carry out the old agreement whether it could be done, as the agreement would constitute an indebtedness. The matter will probably come up for final settlement and disposition at the next meeting of the Council.

There were several lively little word battles over the meaning of the sewer permit issued by the State Department as to its meaning and intent and John Duggan and D. F. Girard accused each other of not understanding its provisions. However, Girard seemed to be better informed upon the subject than the West Sider. The previous Council had a number of sittings upon the question and also received much legal advice as to its meaning. The most important section requires that before any sewer work be attempted the comprehensive plans for the sewer system must be on file. The State has already issued permits for the extension of the South Side sewers but this cannot be started until the plans are on file at Uniontown.

There is a meeting of the Water Committee scheduled for this noon in the Council chamber. John Duggan is to tell the body how the Connelville Water Company can be purchased, and how an electric plant can be constructed.

**WIFE DESERTER
GOES SOUTH, TO JAIL**

Waverly Stark Left Moyer Last February and His Spouse Has Been Hunting Him.

Waverly Stark, a former colored resident of Moyer, was given a hearing before Squire P. M. Buttermore of West Side on a charge of non-support and desertion made by his wife, Mrs. Mary Stark, of Moyer. Mrs. Stark alleged that her husband deserted her in the latter part of last February and since that time she knew nothing of his whereabouts until several days ago, when she learned that he had secured employment at Leisenring No. 1.

Constable S. E. Nelson of the West Side, went to Leisenring yesterday afternoon and made the arrest. The hearing followed and on default of furnishing bail Stark was taken to Uniontown last evening and committed to jail pending a hearing at September court.

The Final Subscription.
One of the last subscriptions to be received for the Fourth of July celebration was \$1 from Samuel Long of the Pinnacle. Mr. Long is 83 years old but that did not keep him from taking a keen interest in the show.

J. E. Johnson and E. S. Beckner of Uniontown were in town yesterday afternoon.

Miss Jessie Bowers returned to her home at this place yesterday following a month's visit spent with Mr. and Mrs. John T. Tarr of Springfield, Crawford county.

Mrs. A. T. Collins and Mrs. Virginia Hood were shopping at Connellsville yesterday morning.

Rev. J. W. Johnston is holding special services at the First Brethren Church on Shippe street starting last evening. He will close his services Sunday evening with a prayer meeting.

S. D. Klingensmith of Scottsdale was in town yesterday on business.

The funeral of the late Raymond B. Kelly, who succumbed to the dread disease of tuberculosis Wednesday morning following a two months' illness, will be held from his late home on Hopwood street this morning at 10 o'clock. Rev. T. N. Eaton, pastor of the Methodist Episcopal Church, will conduct the funeral services. Deceased was 27 years old, unmarried and very popular in social circles. The doctor's diagnosis of the case when he first became ill as sciatic rheumatism, but later stated that it was tuberculosis of the lungs.

In behalf of the Brownfield Coal & Coke Company at Central, A. T. Longmire, information before Justice of the Peace J. W. Hunter last evening against John, the 10 year old son of Harry Brown, an employee of the company, charging him with breaking large windows belonging to the company with stones. Constable James Ellis secured a warrant and brought the lad to town. He pled guilty at the hearing last evening and was dismissed after paying a fine and costs of \$4.00 and the cost of the windows. The boy was given a severe lecturing by the justice.

A Slavish glass worker called Mike, celebrated his day off yesterday by purchasing a keg of beer and going down in the hollow to enjoy himself. He became a little loud and Chief of Police Perry Keller arrested him, but after a while, friend, secured the release of the Slav by paying a \$10 forfeit with Burgess Collins.

Bureau A. T. Collins report for the month showed \$175 and during the first quarter of his term he has collected over \$400 for the borough treasury.

Dr. W. H. Jordan of New York City, author of "The Young Men's Guide" and his famous illustrated lecture on "Some Reasons Why," in the local A. M. E. Zion Church Monday evening, July 5.

Mrs. Christ Lobinger and daughter, Miss Jean, are visiting relatives in Wellsville, W. Va.

Miss A. Mohr of Pittsburgh is visiting her grandfather, Charles Blatter, at his College avenue home.

John Lashock, assistant to Receiver H. C. Murray of the Farmers and Merchants bank, left Saturday for Revere Beach, Massachusetts, where he will spend his vacation with his family.

MEYERSDALE.

MEYERSDALE, July 8.—H. H. Lint, who is managing a large company store at Hazlet, Fayette county, after spending several days with his family here, returned to his work Thursday morning.

Mrs. W. E. Loose, wife of the popular local doctor, at this place, accompanied by her little daughter, left Thursday evening for an extended visit among relatives at several points in the State of Illinois.

W. G. Duguid, manager of the Young Plumbing Company, Connellsville, having completed a job of heating, tinning and plumbing for Snyder's Hay, near here, returned to Connellsville Thursday morning. He was accompanied by Joseph Duguid of this place, who had quite a little experience in plumbing, who has accepted a position under Mr. Duguid.

Coburn of Rockwood, was in town between trains Thursday visiting her daughter, Mrs. W. A. Shumaker.

At 4 P. M. Thursday an alarm of fire was turned in, the roof of the dwelling owned and occupied by Herman Deist, of High street, having caught fire from a defective flue. The blaze was extinguished by the fire department. The damage was slight.

George H. Rocking of the Rocking Coal Company, was a business visitor to Pittsburgh Thursday.

Edward Purdy of Somerset, visited his brother-in-law, sister and Mr. and Mrs. D. R. Sheppard, Wednesday night.

Peter P. Breigs, a well known local carpenter, went down to Connellsville Thursday morning to spend the week calling upon friends, and transacting business.

Norman Bink, a local hay and feed dealer, was in town on Duquesne Thursday morning bound for Pittsburgh on business.

J. D. Ripple of Johnstown, some years ago a school teacher in the local schools, spent the first of the week here with friends. Mr. Ripple one time received the appointment to West Point from this district.

Mr. and Mrs. Charles Bender and children, who reside on North street, left Thursday morning for Grantville and other points in Maryland to spend several weeks with relatives and friends.

Harry Haner, a popular Baltimore shoe dealer, who is known by all the merchants for miles around in this vicinity, is here on his periodical visit. Mr. Haner has been coming to this town regularly for the past 25 years.

Henry Barlickow, formerly of this place, but now of Star Junction, was calling on friends and relatives here Sunday.

Oliver Cooper was a Connellsville caller Wednesday.

Lillian Maana was in Scottsdale on Monday.

Quay Herwick has returned home from a few days' visit at Star Junction.

Mr. and Mrs. Thomas Wright and daughter Freda, have gone to McConnellsburg to spend a few days with relatives.

Mr. and Mrs. Harry Cochran of Dawson, are spending a few days here with the latter's parents.

ROCKWOOD.

ROCKWOOD, July 8.—The son of Dr. M. C. Stoyer, who has been sick for some time, died Wednesday about noon.

Funeral Thursday afternoon. Interment in the I. O. O. F. cemetery. Death was due to inflammation of the bowels.

E. H. Schrock who was arrested two days ago for fast driving, paid a fine of \$2.00 and warned that the next time it would cost him \$25. Mr. Schrock is waiting slow.

Mrs. Mary Snyder is very ill. Mrs. Sara Secher is attending her as nurse.

Mr. and Mrs. Harry Gardner of Pittsburgh, are in town visiting friends and relatives.

W. C. Miller is building a new store room and dwelling on West Broadway.

Mr. Miller built his building too close to the street and the Council has instructed him that he cannot erect a piazza or porch in front of it, as it would encroach on the street.

Miss Elmer Griffiths of Berlin, is visiting her sister, Mrs. H. W. Mussen.

Rev. Kurtz left Wednesday evening for Korte, Pa. where he will attend the State Convention of the Luther League, having been elected as delegate by the Lutheran Church here.

Miss Harriet Johnston and Helen Schorr left this evening for Somerset, where they will attend the International Sunday School Convention.

If You Are Fat and Hot Read This Article.

There is no necessity of fat people suffering as they do. Most fat people are so good-natured they do not care how they look or how they get along during the hot weather. As a matter of fact there is a natural fat reducer that in the past several years has been demonstrating that it will reduce fat little tablets taken after a meal turns that most into good food for the blood and stops all fat-producing elements from going into the system. Marmola Tablets has an army of men and women who testify to its success, and who would tell the reading what they say of its results. Marmola Tablets not only stop producing fat in the body but they reduce flesh at the rate of from 12 to 16 ounces a day. They are harmless and do nothing but assist nature to give to the body the nourishment it requires. They are sold at all drug stores, price 75 cents, or you may write The Marmola Company, Detroit, Mich.

ADVERTISING.

THE DAILY COURIER is the only daily newspaper in the Connelville coke region which has the house and courage to print a daily report under oath of the exact number of copies it prints for distribution. Other papers put forth some extravagant claims, but furnish no figures. Advertising rates on application.

THE WEEKLY COURIER is the recognized organ of the Connelville coke trade. It has special value as an industrial journal and an advertising medium for such interests.

SUBSCRIPTION.

DAILY, \$3 per year; 10 per copy. WEEKLY, \$1 per year; 50 per copy. PAY NO MONEY to carriers, but only to collectors with proper credentials. Any irregularities or carelessness in the delivery of The Courier to the homes by the carriers in Connelville or our agents in other towns should be reported to this office at once.

FRIDAY EVENING, JULY 9, 1909.

THE OPEN SHOP POLICY AN AMERICAN POLICY.

The threat of the Steel Corporation to remove its tin mills from towns which encourage strikers against the Open Shop policy of the company will be unfortunate for some towns which contain little tin ore. The threat is a portion of the union tactics in the union labor movement, a portion of which is itself commonly under duress.

There is reason to suspect that the idleness for a number of years of the Connelville tin mill is due in a large measure, if not wholly, to the fact that this mill was ruled with a rod of iron by a junta of union leaders, whose edicts were arbitrary and troublesome.

Their policies did not always meet with the approval of the citizens of Connelville, but indirectly they were compelled to assume the penalties for them. The Open Shop policy is a distinctive American policy, while Trades Unionism is usually dogmatical dictation. The Open Shop proposition is merely that while the right of the employee to join a labor union is not questioned, and there will be no discrimination against union labor, there will also be no discrimination against a competent workman applying for a position on account of his non-membership in any labor union; the labor union policy is that no man shall have a right to work in any establishment unless he becomes and remains a member of the union and obeys implicitly the orders of its officers.

We realize the difficulty of union labor enforcing its demands under the Open Shop rule; but we cannot escape the conviction that under a free government a free citizen has, or ought to have, freedom of choice as to whether he will or will not work on the employers' terms; and we take it that, if the union cause is just, its fairness and equity will raise to its support, not only the non-union workers, but also the powerful moral support of the public, which in most instances is sufficient to carry any good cause to victory.

The American citizen is always patriotic on such occasions as the Glorious Fourth, or when like Artemus Ward he offers up as a sacrifice to cruel and bloody war all his wife's relations, but when his private interests clash with his public duty not all of him is always patriotic.

Labor Unionism is for the local union before the National Union; it is for the interests of its membership before the rights of citizens; and its defense of those interests it has sometimes been betrayed into defiance of the Law and the Constitution which are the foundation stones of the republic.

The problem, however, is not incapable of satisfactory solution, and that solution may be closer at hand than we imagine. In former times, before the era of incorporation and consolidation, before the advancing idea of large partnerships and diversified interests; when competition was keen, much to keen; when individuals and firms strove strenuously against each other; when the law of the survival of the fittest or the most fortunate obtained generally in the industrial world; when manufacturing methods were crude and foreign competition crowding; when the cost of production depended largely upon cheap labor; in those days, the iron heel of capital was on the neck of labor at almost every opportunity; but it was there, not out of a wanton or cruel spirit, but because of the necessities of the times.

In the changed conditions we find better relations between capital and labor. American processes have so far improved that with a small measure of tariff protection we are able to pay the highest wages in the world and compute successfully with it in manufacturing. As a consequence the attitude of capital toward labor has materially changed. There is a greater disposition to treat labor fairly and even liberally; to give it an equitable share of the fruits of effort; and, strange as it may seem to some

of the victims of demagogic declamation, this disposition is most strikingly manifested in the much-maligned corporations known as the Terrible Trusts.

The particular Trust which is now insisting upon the Open Shop policy has taken the lead in paying its employees the best wages and according them the most liberal treatment. It has made a special effort to make them partners in its business by affording them opportunities of acquiring stock on favorable terms. It has in every manner betrayed a desire to deal fairly with its men and take in as partners all worthy employees.

The only objection to the Labor Union lies in the fact that they are managed autocratically rather than democratically, and that autocracy has betrayed the organizations into acts of unreasonable and unprofitable dictation which have exhausted the patience of managers until they have rebelled against the yoke.

If the Labor Union are also who will accept the situation, for the present at least, reserving their right to fight if they should at any time be discriminated against.

THE SOUTH SIDE SEWERS AND BOROUGHS SANITATION.

The Sewer Committee of the Town Council is disposed to report favorably on the construction of the South Side sewer extensions, provided the citizens there are willing to make good a former offer to provide the \$6,000 necessary for the work and wait the ability of the borough to repay the sum.

This proposition was made several years ago, and was not accepted by the Town Council. We are not advised whether it will now be renewed. It should have been the first duty of the Town Council to provide such sewers. It is a work which should have had precedence of the street paving contracts hastily and almost wantonly let. It is well, however, to remember that until the borough perfects its agreement with the State Health Department by executing it and placing it upon the county records it cannot legally extend its sewer system a single foot.

That agreement permits the South Side extensions, but it requires the borough to file with the department a comprehensive sewerage plan. Borough Engineer Hogg has completed such a plan for Scottsdale to the great satisfaction of its Town Council. While the cost will be several thousands of dollars, it will be a work which will endure for a century, and which will after all represent a trifling expenditure considering its lasting usefulness. It will provide for all sewer extensions and street locations without further surveys, and the map will become the property of the borough and a part of its records.

Obviously the first steps in the matter of South Side sewerage as well as the future sanitation of the whole town are to complete the State agreement and the map referred to.

THE OBSTRUCTION OF SIDEWALKS.

The editor of Burgess Evans, that retail merchant of Connelville must not block the sidewalks with displays of their merchandise, will meet popular approval. Many of our sidewalks are already too narrow for the accommodation of pedestrians and their obstruction by merchants is an invasion of public rights. The News, commenting on the subject, pertinently remarks:

There is a place for everything and everything should be in its place. Burgess Evans is very properly taking a stand against the blocking of sidewalks with goods on display. Much inconvenience has been caused by the practice and more than one skirt has been torn by protruding display boxes. The newspapers are the places for advertising. The sidewalks are for pedestrians.

There is said to be an old ordinance which permits the merchants three feet of the sidewalk for displaying their goods, but some of our most crowded streets have narrow sidewalks, too narrow to spare this much or any room for the purpose mentioned. The ordinance should be repealed. It is archaic and against public policy.

Private business should be conducted on private premises, and not on the public streets.

Somerset county's mining experts are acquiring a reputation. One of them has gone to England to study mining practice there and another has been given a position as manager of a large Swedish colliery. All of which shows that Somerset county's mining practice is pretty closely up to date.

The Weather Works promises a shower today. The country can stand it.

Myersdale has purchased more hose. Ordinarily Myersdale lacks up on socks in summer time, but with hose, especially fire hose, it's different.

Connellsville is looking for new industries, but the begging business is old and undesirable.

The decision of Judge Kooner of Somerset county, that the payment of taxes by a tenant even though a tenant for 99 years, is an offset to the rent unless otherwise specially stipulated, is too plainly both law and common sense to admit of argument.

The Senate debate on the tariff bill came to a fast and furious finish. Scottsdale Councilmen propose to take a course of reading on the subject of good municipal government. When they have perfected themselves in the art, we hope some of them will give lectures in Connelville.

It is the duty of a Justice of the Peace to hear both sides of a case, and to determine it according to the evidence. There is reason to suspect that many justices are under the impression that the rule governing their courts is the same as that governing grand juries, and that it is their duty

Farmer Sam—This is the first melon out of this Congress patch, and I hope it won't turn out to be a durned gourd.

to hear one side of the case only. It is the duty of the justice to hear both sides and to weigh the evidence carefully, giving the defendant the benefit of the doubt. If this rule were faithfully followed, the administration of justice would be better conceived and the interests of the taxpayer better guarded for. It is a question whether Justice of the Peace should not have some measure of legal learning as a necessary qualification for the position.

It looks as if the Orphans' Court had settled up sufficiently to settle down for the summer.

The changing of a street grade is expensive and the bill always has to be footed by the borough. The Street Committee was wise not to tamper with the grade of Johnston avenue.

The picnic season is at its height and the busy ant is harvesting his summer sustenance, when he is not too much engaged in exploring the bare mysteries of suffering humanity.

The Connelville Merchants' Association has wisely decided to dispense with oratory at its annual picnic. There's a place for everything, but a joyous picnic is no place for picturesque palaver.

The June wedding boom has overflowed into July. Hymen seems to be riding on the Prosperity wagon.

The feeding of a watchdog may be a suspicious act, but it is not a crime per se.

Romantic Romans who roam the streets of Connelville at night are advised by Burgess Evans that the cost of playing the Romeo act is \$10 per Rome-o.

It seems to be a question in some of our industrial towns between the Open Shop or the Closed Shop.

When Congress settles the tariff on coal, and the Interstate Commerce Commission settles the rates of freight on coal, the coal trade will probably settle down to real business.

It's back to the mines for the idle railroad cars.

Industrial activity is accompanied by activity in coal land deals. Conservative business always covers its future.

The proposition to make Charleston the docking point for Poughontas coal is a blow at Norfolk, but the latter has plenty of business left to keep it going and growing.

Death rides in the auto.

In Memoriam.
IN MEMORIAM, C. M. A. SACRED Heart, Branch No. 82, Dawson, Pa. Whereas, Our Heavenly Father, in His omnipotent wisdom, has seen fit to call to His eternal reward, John W. Grashinger, a loving son, a fond brother, a valued member of this Society, and a noble and upright young man, and

Whereas, In consideration of the ties of intimate friendship and fraternalism which had existed between him and its members of this Society, both Resolved, That we, the members of Sacred Heart, Branch No. 82, C. M. B. A., do hereby tender our most sincere and deep sympathy to the relatives of the deceased in this, the time of their bereavement, be it further Resolved, That a copy of these resolutions be transmitted to the relatives of the deceased that they may be published in the official organ of this Society and that they be read upon the Records of the Branch.

July Sales.

Busy now emptying the shelves for the coming Fall business. Expect to do business and lots of it in these warm Summer months. Goods here at prices that will bring this business to this store. You will find it a comfortable store these days, light and airy and cool and you'll appreciate the comfort that this rest room provides for you.

Parasols Reduced

Lets end this Parasol selling and do it at once. You know how many pretty ones we have here. They are all marked in plain figures and we'll cut these prices in half Wednesday morning. Your chance if you want a Parasol at a bargain price.

Children's Dresses Reduced.

Notice these we have in the window at 1/2 less than the original prices. Dresses that you'll be satisfied with the style and the making and the material, better still you'll be satisfied with these prices. You can't afford to make them yourself when you can buy them at these prices.

Shirt Waists at \$1.00 Each.

Notice these on the table in the Crock Room. Some sold for \$1.50 and some for \$1.25. We've marked them all a dollar and you will find nearly every size in each style.

Muslin Underwear Reduced.

Two tables of garments. Every garment marked so you can see and judge for yourself whether it's a bargain for you. Commencing with children's drawers at 15c. Infants' slips at 25c. Ladies' drawers at 25c and so on through these bargains. You'll find every garment well made and from good muslin. Better muslin underwear bargains were never before shown in this store.

Your Vacation Suit.

Suppose that you could buy a suit that was just the kind of suit that you wanted. A suit that sold for \$25.00 to \$35. If you could buy a suit like that for \$10 or \$15 it would give you that much more to spend for pleasure while you were on your vacation. We have some suits such as these, suits that we want to close out and have marked at these prices. Not too many but enough to be reasonably certain in saying you can find the kind of suit you want among them.

A Comfortable Porch.

Have you fixed up your porch so that you can get all the comfort possible out of it this Summer? We have Waite grass carpet in yard, and yard and a half, and two yard widths, bound on the edges so that you can make a rug any desirable length. Also Vador Shades in almost all widths in every staple color. It won't cost you very much to make your porch very comfortable for the next few months.

Remnant Table.

Full of bargains these days. Every piece ticketed with the length and the price. Want you to judge for yourself how much of a bargain each piece is. Worth your while to at least look over these tables these days.

DUNN'S CASH STORES.

129, 131 and 133 N. Pittsburg Street, CONNELLSVILLE, PA.

W. N. Leche

I find it necessary to discontinue any credit business, and in order to avoid charges, must also discontinue sending goods on approval.

I will cheerfully refund the MONEY if the goods purchased are not satisfactory.

My profits are based on cash sales, and the additional bookkeeping, clerk hire and loss in handling even that little, has grown since the panic, to such proportions I find it necessitates my taking this step. Hoping a continuance of your cash patronage, I am

Most sincerely yours,
W. N. LECHE.

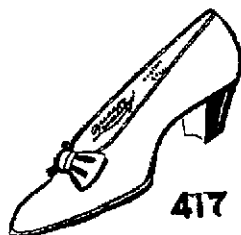

P. S.—To take effect at once.

106 WEST MAIN STREET.

Pumps Are Popular

SPECIAL TRAIN FROM SCOTTTDALE

Carries Workmen for American Sheet and Tin Plate Mills.

THE ENGINE WAS DERAILED

Causing a Delay in Getting Started. To Play Baseball For \$50 a Side at Park Tomorrow Afternoon—Farmers Fearing Another Drouth.

SCOTTTDALE, July 9.—After some delay and difficulties the men intended to work elsewhere in the mills of the American Sheet & Tin Plate Company, where the Amalgamated Association has a strike on, left town last evening. The wrecking of the big locomotive that drew the special train on the mill yard tracks was the cause of a delay of nearly an hour, the special being run in on the mill tracks to get it out of the way there being no available yard room elsewhere, after it was brought up from Evergreen where it had lain all day. The sharp curve on the track and light rails caused the large engine to leave the track. About 200 people gathered along Bridge street to watch the operation of getting the engine back on the track, which was accomplished after some time and the train stannied out. There were a few men from here, and the others had been assembled from different points. The train was in charge of E. W. Zimmerman, chief of the transportation department of the Pittsburgh division of the Pennsylvania railroad.

The special was scheduled to leave at 8 o'clock but the derailment put them 55 minutes late. Their destination was not revealed, the train crew having orders no further than Pittsburgh. It is believed in Scottdale that the men were designed to help out the situation at Sharon, where the men are out, pending the result of the strike.

Whether other parties will be assembled here is not known as yet. It may be that this will be a rendezvous for the strikebreakers. The Scottdale mills are running full time after a long shut down, and the merchants of town and the mill workers are again getting on their feet, and there is an air of prosperity about town like in the old times.

The new galvanizing plant is operating three out of the six pots, and these latter will likely be put in operation soon.

Fearing Another Drouth. The absence of rain for sometime and the clear hot days that are coming on again, causes many of the farmers to believe that another dry summer is near, something along the line of that last year, which proved so very destructive to the pastures and winter supplies. Already the pasture, which did not grow well this season on account of the violent burning out it received last season, is showing the effects of the hot, dry days. A rain will be very welcome, particularly if it be of the gentle variety long continued, and not the violent washing kind that does so much damage to land that has been plowed.

Baseball For \$50. There certainly will be doings in baseball at Ellsworth Park tomorrow afternoon, when the Evergreen team and the Farmers' team play for a purse of \$50 which each side has put up to prove their right to claim that they are just the best little ball players in this end of the lot. The two teams have been growing at each other for sometime and they were egged on by friends until each one had put up \$50 in bona fide money—the kind that you can buy stuff with—that they are the best. Ellsworth park will be crowded tomorrow afternoon for this thing of playing for real money as well as glory is appealing to sportsmen.

Rev. Auld's Services. Rev. Archibald Auld, the pastor, will preach at the Alverton Methodist Episcopal Church on Sunday morning at 10:45 o'clock. Rev. Dr. G. D. Crisman will preach at the Rally Day services at the Jacobs Creek Church in the evening.

BRIEFS ARE SUBMITTED.

In West Virginia's \$1,700,000 Suit For Tax.

FAIRMONT, W. Va., July 9.—The suit of the State of West Virginia against the estate of Johnson N. Camden, ex-United States Senator, which came to court \$1,700,000 of the estate for failure to report true property value to the assessor, was submitted to Judge H. H. Moss, Jr., of the circuit court, on briefs and arguments yesterday afternoon. This suit will test the validity of the so-called forfeiture clause of the new State law and no matter what the decision here, will doubtless be carried to the Supreme Court.

The principal contention of the defense is that the law under which the suit was brought is unconstitutional.

Won Two Prizes. The Knights of Malta won two prizes in the Fourth of July celebration instead of three. The fantastic boat was awarded \$3 and for the boat appearance the Maltes received \$10.

SEMI-ANNUAL CLEARANCE SALE

Commencing on Friday, July 9, at 9 A. M., and will last for ten days only.

Having founded our tremendous success upon our reputation as the "new store" with "new goods," we are determined to do all in our power to keep up this reputation. Oost what it may, we must dispose of our entire Spring and Summer stock of Suits, Skirts, Waists, Hats, Etc., within 10 days. We have cut the prices so mercilessly that all that will be required for the removal of any article from our store will be a wise woman's wise look upon the price ticket—marked in plain figures of course. We simply make it impossible for any woman to resist the temptation of saving. The reputation of The Bazaar for honest and straight dealing and for veracity is too widely known to be dwelt upon. However, in view of the numerous other sales, we deem it necessary to give a more substantial guarantee than mere words for the truth of the statements contained herein. ANY PERSON FINDING AND PROVING ANY MISREPRESENTATION IN THIS ANNOUNCEMENT WILL GET THE SUM OF ONE HUNDRED DOLLARS, WHICH IS DEPOSITED IN THE YOUGH NATIONAL BANK. Try to get it if you can. Bring this ad. with you and compare with bargains displayed at our store, and if you discover any misrepresentation you will be \$100 richer.

All Our Millinery at One-Half the Marked Price.

\$4.00 and \$5.00 Sample Hats at \$1.50

All Suits Divided in Two Lots and Sold at Less Than Cost.

Lot 1, comprising a variety of the most fashionable garments, formerly sold at \$18.00, \$20.00 and \$25.00 now \$8.90

Lot 2 contains an assortment of the most up-to-date stylish suits that were sold at \$12, \$14 and \$18 at \$6.90

Save Money on Skirts.

That we carry a tremendously large assortment of Skirts is well known. Hundreds to choose from at prices to make you wonder why we sacrifice so much.

\$5 and \$6 Skirts in Panama and Mohair, in all colors \$1.95
\$12.00 and \$15.00 Voile \$4.95
Skirts at \$1.00
Everybody gets a square deal at The Bazaar.

Tell the truth and you will succeed. This is The Bazaar's motto.

This is to certify that Mr. S. Kinsbury, manager of The Bazaar Store, has this day deposited in the Yough National Bank the sum of

One Hundred Dollars

which sum is to be surrendered to any person proving any misrepresentation or untruth in this announcement.
The Yough National Bank, Connelville, Pa., July 9, 1909.

SENATE PASSES TARIFF BILL.

Ten Republican Senators
Cast Their Vote Against
the Measure.

ONE DEMOCRAT VOTES FOR IT

Plain Talk Is Indulged In as Bill
Comes To a Vote—Insurgents De-
clare It Violates Republican Plat-
form Pledge.

Washington, July 9.—The tariff bill passed the senate just after 11 o'clock last night by a vote of 43 to 34. Republicans voting in the negative were: Beveridge, Indiana; Brewster, Kansas; Brown, Nebraska; Burkett, Nebraska; Clapp, Minnesota; Crawford, South Dakota; Cummins, Iowa; Dolliver, Iowa; La Follette, Wisconsin; Nelson, Minnesota; McHenry of Louisiana was the only Democrat recorded in the affirmative.

The vote in detail:
Yeas—Aldrich, Borah, Bourne, Brad-
ley, Brandegee, Briggs, Bulkeley, Burn-
ham, Burrows, Burton, Carter, Clark
(Wyoming), Crane, Debow, Dick, Dix-
on, Dupont, Eklund, Flint, Frye, Gal-
lagher, Gurnea, Gurnea, Hale, Har-
rington, Johnson, Jones, McCumber, Mc-
Laurin, Nixon, Oliver, Page, Penrose,
Porkins, Piles, Reut, Smith (Michi-
gan), Smoot, Stephenson, Sutherland,
Warner, Warren, Wetmore—45.

Nays—Bacon, Bailey, Bankhead,
Beveridge, Brewster, Bryan, Burkett,
Chamberlain, Clapp, Crawford, Gailor-
sch, Cummins, Daniel, Dolliver,
Fletcher, Foster, Frazier, Gora,
Hughes, Johnson (Alabama), La Fol-
lette, McLaurin, Martin, Mouty, Nel-
son, Newlands, Overman, Owen, Shive-
ly, Simmons, Smith (South Carolina),
Stone, Tallaferra, Taylor—34.
Beveridge Complains.

The failure of the senate to keep
the promise made to the people by
the Republican party respecting a re-
vision of the tariff downward was the
theme of Senator Beveridge as the
debate on the bill was drawing to a
close.

"Our votes," he said, "shall be cast
in harmony with our party's pledges
as voiced by our party's leader and
the nation's president."

Suggesting that the insurgents
would cast their votes on the final pas-
sage of the bill in conformity with
their previous action, Mr. Beveridge
said they would do so as a notice to
the conferees to bring back a bill in
which there should be decreases of duties.

Mr. Beveridge was answered by Mr.
Aldrich, who said he had often seen
men interpret their own judgment as
the judgment of their party.

"The Republican party is a party
of majorities," he added, "and the
views of the majority in matters of
legislation control party policies. The
senator from Indiana does not speak
for the Republican party. He has no
right to connect here the name of the
president of the United States in spite
of any suggestion he has made."

Mr. Aldrich declared that the pend-
ing bill was a fulfillment of the party's
pledge. If senators wished to vote
against the bill he said they should
not attempt to speak for their party.

A Democratic Taunt.

"I have listened with deep interest
to the fearful and prophetic funeral
oration," said Mr. Stone from the Dem-
ocratic side of the chamber. He de-
clared it reminded him of the old
saying, "Hark From the Tomb of a De-
ful Sound."

Mr. Crawford delivered a vigorous
protest against any attempt on the
part of Chairman Aldrich to prevent
Republican senators from the exercise
of their judgment.

"Am I not a good, loyal member of
my party?" asked Mr. Crawford. He
proposed to exercise his judgment and
to follow his convictions in voting
upon the bill.

Senator Clapp also joined in the
protest against any effort on the part
of the senator from Rhode Island to
control his actions.

"I am neither stung, alienated nor
embarrassed by the words of the senator
from Rhode Island," said he.

"It will take more than the senator
from Rhode Island to read the state
of Minnesota out of the Republican
party," said Mr. Nelson amid applause,
which called down the gavel of the
vice president with an announcement
that such charges were not nec-

SENATOR BEVERIDGE.

mitted. Mr. Nelson said he did not
care to be lectured by the senator from
Rhode Island. The bill was then put
on its passage.

Upon motion of Mr. Aldrich the
vice president announced the senate
conferees as follows: Senators Ald-
rich, Burrows, Penrose, Hale, Cul-
lough, Republicans, and Daniel, Money
and Bailey, Democrats.

MAY CONCLUDE TESTS.

Repairs to Wright Aeroplane Have
Been Completed.

Washington, July 9.—It is expected
that a flight of the Wright aeroplane
will be attempted this afternoon. A
few finishing touches remain to be
made before the aerial flyer will be
ready for further tests. The Wrights,
who have until July 28 in which to
complete the official speed and en-
durance trials before the board of
signal corps officers, are making as
much haste as is consistent with safety
to complete these trials, as they
must be in Germany in August and de-
sire to attend to various business mat-
ters in this country before leaving for
Europe.

No date has been set for the official
trials and no extension has been grant-
ed to A. M. Herring, the New York aeroplane
pilot, who holds a contract similar
to the Wrights. Until Secretary Dick-
inson returns Herring's application for
an extension of time will not be acted
upon.

ASSERTS PATRICK INNOCENT

Says No Motive For Rice Murder Has
Been Shown.

New York, July 9.—Clark Bell, who
served sixteen years as president of
the Medical-Legal society and is now
editor of the Medical-Legal Journal,
makes a positive editorial assertion
in the current issue of his publication,
just out, that Albert Patrick, now un-
der life sentence in Sing Sing prison
for the murder of William Marsh
Rice, is innocent. He bases his state-
ment on what he says is scientific
proof. In brief the argument is that
as Patrick was never convicted or
even tried on the charge of forging
the Rice will the motive for the mur-
der is eliminated.

Mr. Bell asserts that the two sub-
scribing witnesses to the will, both
reputable members of the bar now in
practice, who were indicted together
with Patrick, have never been tried,
in spite of their repeated efforts to
have a hearing.

MINES MAY SHUT DOWN

Operators Say They Cannot Pay
Wages They Agreed to Pay.

Philadelphia, July 9.—That some of
the soft coal mines in Central Penn-
sylvania may be shut down as a re-
sult of the miners' refusal to accede
to a reduction in the wage scale pro-
posed by the operators is feared by
Patrick Giddy, president of district
No. 2 of the United Mineworkers of
America, who declares that no modifi-
cation of the present contract expir-
ing March 31, 1910, will be considered
by the miners.

For two days the miners have been
in conference with the soft coal op-
erators, the latter asserting they cannot
carry out the contract which calls for
sixty-six cents a ton without an eleven
cent reduction. The miners have re-
fused to reconsider the reduction propo-
sition, which was first rejected a
month ago.

REVOLT IN COLOMBIA

Situation in That Republic Said to Be
Very Critical.

Panama, July 9.—Mail advices re-
ceived from Colombia report a criti-
cal condition of affairs in that repub-
lic. As the result of the departure of
President Reyes for Europe the vari-
ous political parties, which a few
months ago seemed to be united, are
now completely disorganized, and
there are indications that Colombia is
on the verge of a revolution.

The movement on July 4 at Barran-
quilla was successful, the revolution-
aries capturing the forts, the Magda-
lena river boats and the custom
houses. About 80 per cent of the im-
portations into Colombia pass through
Barranquilla so that the revolutionaries
will not lack for funds.

MURDER IN LIBRARY

Infatuated Man Shoots and Kills
Widow in Public Place.

Easton, O., July 9.—Henry Rife, a
widower, shot and instantly killed the
public librarian, Mrs. Lida Griswold,
age thirty-eight, in the public library.
Rife then attempted suicide. He sus-
tained but a slight wound and was
locked up.

The slain librarian was a daughter
of Judge J. A. Griswold. The tragedy
was witnessed by the twelve-year-old
son of Mrs. Griswold. Rife, who has a
wife and children, is alleged to have
been paying attention to the woman
he killed, and it is thought resentment
led to the killing.

MOTORMAN ASLEEP

Runs Down and Kills Man Caught in
Switch Frog.

Chicago, July 9.—Held fast by his
foot, which was caught in the tempo-
rary tracks at State street and El-
dredge court, Joseph Andrews, a work-
ingman, was run down and killed by a
State street surface car.

He was still shouting and waving
his arms when the car hit him, but
the motorman did not hear either his
cries or those of the crowd on the
sidewalks.

Violent Earthquake Registered.
Tortosa, Spain, July 9.—The observ-
atory here today registered a violent
earthquake.

SALE OF THE LEADER STOCK AT 43c ON THE DOLLAR

Hundreds of women are coming in from all sections of Fayette county
and far beyond, on trains and trolleys and are carrying away loads of new, up-

ment Likely.

BOND ISSUE WOULD FOLLOW

In Case the Courts Would Restrain
the Government From the Collec-
tion of the Tax—Administration Ad-
visers Believe Tax Will Stand.

Washington, July 9.—Confirmation
of the expectation in many quarters
that the large corporations of the
country will seek to hold up the col-
lection of taxes under the corporation
tax bill, if that measure is enacted, by
an appeal to the courts to test the
constitutionality of the law, was given
today by a prominent official of
the treasury department, who has just
returned from New York and who re-
fuses to be quoted by name.

The possibility of suspension of this
expected large source of revenue and
the possible necessity in that event of
a bond issue by the government to
meet the situation in the treasury has
caused concern, not alone to the treas-
ury officials, but to political leaders,
who point to the political conse-
quences attributed to the bond issues
of the Cleveland administration.

It would be within the province of
a court, it is conceded, to permit the
taxes to be collected, subject to a re-
fund, but such a course is unusual
and it is a well-known fact that money
once paid into the treasury is exceed-
ingly hard to get back, and even when
returned involves a multiplicity of
complications. Secretary of the Treas-
ury MacVough is out of the city, but
an official of the department of justice,
who is qualified to speak on the sub-
ject, declared today that he believed
the bill as now framed is clearly con-
stitutional and that any action looking
to a test of constitutionality would
not prevent the secretary of the treas-
ury from proceeding to collect the tax
in the usual way.

Should the tax bill be declared to be
unconstitutional, the persons paying it,
in his opinion, would have ample re-
course to compel its return but even
should the courts decide to grant a
temporary injunction restraining the
secretary from collecting the tax, it is
pointed out that the secretary has
ample resources at hand with which
to meet all obligations and fully sus-
tain the government credit. The gov-

ernment receipts are now increasing
at a gratifying rate, but should neces-
sity require the secretary may at any
time, in his discretion, under the laws
now in force, issue up to \$40,000,000
Panama canal 3 per cent bonds and,
in addition he is able, under existing
law, to issue up to \$100,000,000 3
cent treasury certificates of indebted-
ness. Thus, it is claimed that in any
event and whatever action the courts
might see fit to take with respect to
the collection of the tax under a cor-
poration tax act, the treasury is in no
danger whatever of being short of
funds.

Attention was called to the fact that
the bill has been framed by some of
the brightest lawyers in this country,
and in the views of treasury authori-
ties it would be very unlikely that
their combined efforts would result in
a measure at variance with the provi-
sions of the constitution.

People Flee From Mad Dogs.
Estherwood, La., July 9.—A number
of families are reported to be moving
away from the Maxou oil fields near
here owing to the prevalence of hy-
drophobia among dogs. Many people
there express the opinion that oil
gases and hot steam have been fac-
tors in the epidemic.

Wets Win by 32 Majority.
Roanoke, Va., July 9.—The local op-
tion election at Bristol, Va., resulted
in a majority of thirty-two for the
wets.

Chicago Grain Market.
Chicago, July 8.—The wheat market
fluctuated nervously today over a com-
paratively narrow range, but closed
quite firm on no. 1 hard red winter
wheat being 1/4 cent lower to 3/8
cent higher compared with yester-
day's close. Corn and oats closed fir-
mer and provisions fairly steady.
July options closed: Wheat, 118 1/2;
corn, 69 1/2; oats, 48 1/2.

READ THE DAILY COURIER.

NOT TOO LATE

Men and women who have reached middle age and have saved
nothing are apt to think that it is too late to begin.
That's a mistake. Many men who were not worth a dol-
lar at forty have created comfortable fortunes by the time
they were sixty.
Middle aged people should begin saving at once if they
wish to pass their later years in comfort.
This strong bank invites your savings account and pays
4% INTEREST.

The Cokers lost an exciting game in Fairmont yesterday afternoon but they made the half-season champs go the limit to win. Tom Silcox was on the mound and pitched a good game. Willis was also very effective and his work was principally responsible for the defeat of the Coker crew.

Cathoun and Makepeace were the star hitters as each lined the ball out for a homer. There was not much choice between the teams yesterday and the Cokers are confident of getting away from Fairmont with an even break.

Gilligan covered first for the Cokers again and accepted 16 of his 16 chances. The Cokers all played ball in the field and were banging the ball with persistent regularity. Yesterday Gilligan and the Brothers Francis were the only Cokers who failed to connect safely. The score:

Baseball Budget.

Still losing.
Better times ahead.
Lots of much in Uniontown.
Fairmont is still in the running.
That Grafton team will make 'em all hustle.
Can't see so much in that Uniontown team to gush over.
Close scores were the rule in the league yesterday. Good games were played.
Don't like the way that Clarkburg team looks. There may be another vacancy in the circuit.
That man O'Dell is all right as long as he doesn't have to find anything. Then comes the balloon ascension.
Maybe the Cokers will run into a streak of good luck against Clarkburg. They started out against two hard propositions—Grafton and Fairmont.

Kid Hagen played the greatest game at third base Wednesday that was ever seen in this league. It wasn't his fault Grafton scored a score of tallies.

Jack Cotter should be good for a victory to lay. None of them have anything on Jack this year. He and Silcox are the Cokers' old reliables. That Makepeace boy smashes the ball when he does hit it. His home run was a homer. Incidentally, there is nothing wrong with Calhoun's biding.

Provisions of the New Fish and Game Laws as Lately Revised.

From a copy of the new fish code we make the following summing up in so far as it interests fishermen from this county:

The following are classified as game fish: Brook trout, and all other species of trout, blue pike, pike perch, or Susquehanna salmon, or walleyed pike, pickerel, western pike, muscalunge, small-mouth bass or black bass, large-mouth bass and all other kinds of bass, except striped bass, or rock bass, and fall fish.

The following are classified as bait fish, viz: All forms of minnows, all forms of killifishes, and stone catfish. All other species or variety of fish, in the waters of this Commonwealth, are classified as food fish.

Legal methods for catching fish: For game fish, with rods and lines, or hand line, and pickerel and yellow perch, also with tip up, and for sucker, through the ice, with pole and hook; for bait fish, in any manner or at any time, except three hooks, or poison or explosives, for food fish, with rods and lines and hand line at any time of the year; outline, otherwise called set line; dip net, eel pot, or a fyke net, each without wings, a seine, or a fish basket. No device except a single rod and line shall be used in waters inhabited by trout, except that in such waters suckers may be taken with a pole and burr hook. In streams not inhabited by trout, eels, carp, suckers and mullets, may be taken by the use of a gig or spear during the months of July, August, September and October.

No person shall use, when fishing for pickerel or yellow perch, more than eight tip-ups, provided that rods and lines or hand lines shall not be attached to it more than three hooks, and that one hook of these hooks shall be considered as one hook. The landing net may be used to assist in landing fish already caught by lawful devices. Penalty for violating any of the above provisions, \$20.

It shall be unlawful to fish for or have in possession, the same being killed, brook trout, or any species of trout, except lake trout, from the first day of August to the fourteenth day of April, both inclusive, pike perch or walleyed pike or Susquehanna salmon, and pickerel, and yellow perch from the first day of January to the fourteenth day of June, both inclusive; or any other game fish, from the first day of December to the fourteenth day of June both inclusive.

It shall be unlawful to fish for or kill, or have in possession, the same being killed, any white bass, rock bass, crappie, strawberry, or catfish, or any yellow perch or rock trout, except lake trout, less than six inches in length; any black bass or smooth-mouth bass, otherwise called rock fish, lake or salmon trout, less than eight inches in length; or any blue pike, pike perch, otherwise called walleyed pike, or Susquehanna salmon, or any pickerel, less than 12 inches in length.

It shall be unlawful to have in possession more than 10 brook trout; more than 12 smaller large-mouth bass; or more than 25 rock bass, white bass, catfish, crappie, pickerel, blue pike or pike perch, or more than four muscalunge in one day. Penalty for violation, \$10 for each and every fish. Provided, however, that no penalty shall exceed \$100 in the aggregate.

It shall be unlawful to use fyke nets, eel pots and dip nets from the first day of June to the thirtieth day of June, inclusive, except as provided in section five of this act; and it shall be unlawful to use such nets from the first day of July until the thirty-first day of May of the year next ensuing, both dates inclusive, excepting for the capture of eels, catfish, suckers, mullets, and carp, provided that dip nets shall have meshes not less than two and one-half inches stretched measure, while being fished, or one and one-quarter inches from knot to knot, and that no fyke net, commonly called set net or any eel pot, shall have any wings attached to either of them, or be set or fastened to any wing walls, or be set or fastened within 10 feet of any wing-walls, or be set within 10 feet of each other, and the space between each net shall be free from all obstructions for the free passage of fish; or for any fyke net or eel pot to have an entrance into the funnel thereof of more than six inches, or with an outside diameter of the mouth of more than 30 inches, horizontal measurement. No shall such nets be used in any streams inhabited by trout, at any time of the year; nor shall any such nets be set, fastened, or used from Saturday noon until Monday morning at 6 o'clock, of the week next ensuing; provided further, that each fyke net or eel pot must have fastened thereon a metallic tag bearing the name and residence of the owner thereof. Penalty for violation of the above, \$20.

Outlines are lawful from the first day of June to the thirtieth day of November for carp, suckers, mullets, catfish and eels only, must be sunk to the bottom, with cut or dead bait only; no person to use more than 100 snoods to each line, and to set from 5 o'clock in the evening until the next morning at 7, and snoods and bait removed; owner must be present or have a metallic tag attached with his name; game fish caught on such lines must be put free; lines not to be set in waters inhabited by trout. Penalty \$20. No rods and lines shall be used for fishing within 100 feet of the upper or lower end of any fish way. Penalty \$50. No fish baskets in trout streams.

No wing walls of any two baskets shall be within 20 feet of each other; or reach from main shore to main shore.

That it shall be unlawful to fish for fish of any kind in the waters of this Commonwealth, with outlines, commonly called set lines, or lines fastened or anchored at both ends, from the first day of December until the first day of June in the year next ensuing, both dates inclusive. It shall be lawful for any person to use and operate such outlines, as described in this section, from the first day of June to the thirtieth day of November next ensuing, both dates inclusive, for the capture of carp, suckers, mullets, catfish and eels only; provided that said outlines be sunk to the bottom, and be so weighted that the hooks shall rest upon the bottom, and that cut or dead bait only shall be used; provided further, that no one person shall use or attach to said outlines, in the aggregate, more than 100 snoods, with not more than one hook attached to each, and provided, that during the season or period when it shall be lawful to operate outlines, for the capture of the fishes aforesaid, it may only be done from 5 o'clock in the evening until 7 o'clock in the morning next ensuing, when said outlines must either be removed entirely from the water or the snoods or bait be detached and removed, unless it is shown to the satisfaction of the court that it was a physical impossibility to comply with this provision, and provided further, that the owner or operator of such outlines must either be present and exercise supervision over them or have attached to each line thereof a metallic tag bearing the name and address of the owner. Provided further, that any fish other than those named in this section, when caught on such lines, shall be immediately removed therefrom and set free into the waters from which they were taken. Penalty for violation of above section, \$20.

ATE STEAK FOR STAKE

Champion Eats Ten Pounds at Single Sitting
New York, July 9.—Philip Lemmel, weighing 270 pounds, has won the championship medal as a beefsteak eater.

In a contest with Max Meyers, 275 pounds at a political club's outing, Lemmel gorged himself with ten pounds of beefsteak without getting up from the table while Meyers was able to stuff only 3 1/2 pounds into him self. There were many bets on the contest, which was watched by an excited crowd.

Pioneer Union Man Dead.
Marshall, Mich., July 8.—Thomas Hayward, one of the six men who organized the Brotherhood of Locomotive Engineers and the first president of the organization, is dead at his home here, age eighty-seven.
